The beginning of the end is at hand. Do not pronounce judgment before the evidence is heard.

A SEWERAGE SYSTEM is a precaution as well as a convenience.

The senate minority have capitulated with the honors of war.

WORLD'S FAIR trains continue trying to pass each other on the same track.

It is high time for Messrs. Mitchell and Corbett to stop talking and come to a vote.

WE WOULD like to see the Mitchell-Corbett combination put to the physical endurance test.

Is ST. LOUIS asleep that her commercial interests do not ask for admission into Oklahoma?

THE Perry Herald has purchased the Post-plant and is coming right to the front as a newspaper of energy and merit.

PEPPER reached a point in his senate serial the other day upon which he said he wished to dilate, and all the grave and reverend senators smiled amiably.

MR. BROOKS, the newly appointed assistant United States attorney from Mt. Sterling, Ky., does not succeed John Stone. Mr. Stone has not been removed and the office has now two assistants.

"DEACON" WHITE made \$300,000 of Chicago gas and Lackawanna one day this week. This same "Deacon" is the millionaire plunger who went broke in the pinch last spring and was left without the price of a meal's victuals.

A WOMAN in Beloit dreamed that ex-President Harrison would succeed Cleveland as president; her spiritual sense also tells her that demons are after Harrison now. Pardoning her reflection upon the American people, we would say she was right in the latter except as to time. If we remember correctly the "demons" got in their work last November.

### CLEVELAND WINS.

President Cleveland will carry his point. The repeal measure will become a law. Democratic senators who are opposed to the bill have spoken their minds with force and at some length. Stewart, the funny old man of the sea, keeps right on, and would keep right on to the end of time, were it not for the limit set by physical endurance. Dubois was fighting for a reputation more than anything else. Teller and Wolcott have silver interests, and of course must work to keep up the price of their stock in trade, just as a wool grower would work and so to keep up the price on wool. Democratic senators who have opposed the bill do not represent any sectional interests and the measure does not affect their pocketbooks. They have spoken and taken their tea, just as conscientious representatives of American citizens should; and when the noisy Pepper, the flannel-mouthed Stewart or the fire-eating Pugh have asked them to assist in obstructing legislation by filibustering tactics, they refused. Vest made perhaps the strongest speech of the opposition. He then took his seat and remained silent. When a vote is taken he will, of course, vote as he has spoken, against the bill. But his love for the constitution and the foundation principle of democracy is too strong to permit him to pervert his high position and by filibustering tactics prevent the rule of the majority. His

views are concurred in by the balance of opposition Democratic senators. The bill as it will doubtless pass is as follows:  
That so much of the act approved July 14, 1890, entitled "An act directing the purchase of silver bullion and issue of treasury notes thereon and for other purposes" as directs the secretary of the treasury to purchase from time to time silver bullion to the aggregate of \$3,000,000 ounces, or so much thereof as may be offered in each month, at the market price thereof not exceeding 37 1/2 cents of pure silver, and to issue in payment for such purchase treasury notes of the United States, be and the same is hereby repealed, and it is hereby declared to be the policy of the United States to continue the use of both gold and silver as standard money and to coin both gold and silver into money of equal intrinsic and exchangeable value, such equality to be secured through international agreement, or by such safeguards of legislation as will assure the maintenance of the parity in value of the coins of the two metals and the equal power of every dollar at all times in the markets and in the payment of debts.  
And it is hereby further declared that the efforts of the government should be steadily directed to the establishment of such a safe system of bimetalism as will maintain at all times the equal power of every dollar coined or issued by the people of the United States in the markets and in the payment of debts.

If the bill has any sins they are of omission rather than of commission. It repeals the Sherman law, which all confess to be a makeshift and a fraud. It stops the purchase and storage of silver bullion, and prevents the government from becoming the victimized party for the mine owners' profit. It is a complete victory for President Cleveland and those closely in touch with his financial policy.

### HEAR THE EVIDENCE FIRST.

Those who are so eager through partisan bias or private prejudice to pre-judge Register Malone of the Perry land office had better wait until the evidence is in. Not one particle derogatory to his character or official acts has yet been adduced. The result of the grand jury proceeding cannot yet be foretold.

Clerk Handlan stood before a tribunal of justice and admittedly held in his possession knowledge which if disclosed would tend to criminate himself. He was an officer in the employ of the government, sworn to obey the laws. He should be dismissed from the service at once.

### A SEWERAGE SYSTEM.

This city is sadly in need of better drainage facilities. A thorough removal of the garbage is an impossibility without a complete sewerage system. Offices and business buildings cannot be provided with closets, and sanitary measures are at best but makeshifts without the aid of drain pipes.

Guthrie is admirably situated by nature for drainage. An easy outlet for the city's filth could be made into the Cottonwood below the ice plant. The cost would be but a few thousand dollars, a trifle for our enterprise and resources.

### PRETTY AUTHORESS ELOPES.

Miss Laura Page, cousin of Laura Jean Libbey, the novelist, and said to have been one of the authoress' characters, ran away from home and was secretly married recently to Edward L. White of New York city. Miss Page is a daughter of Mrs. Simeon B. Page of Brooklyn. She has written a number of stories, which were published over the nom de plume of Olive P. Fairchild. Her family is Protestant, but she became a Catholic and was married by the Roman Catholic rite at Patahougne, I. I. Miss Page met Mr. White two years ago. They became attached to each other. Mrs. Page, learning that he was a Catholic, forbade her daughter to speak to him. They continued, however, to meet. Mrs. Page has spent the summer at Greenport, L. I., while Miss Page has been at Patahougne. White visited the latter frequently without the mother's knowledge.

### HORRIBLE CRIME.

Mexican Outlaws Back to Death at American Rancher and His Son.  
A horrible double murder occurred on the Van Horn ranch, near Rio, Texas, a week ago. A band of twelve Mexican outlaws visited the ranch, on which lived an American and his little son. Having overpowered the man and plundered the house of every thing of value, and failing to find any money, they bound the ranchman and threatened to take his life if he did not tell them where he had his money concealed. He told them he had none. Then they cut off one of his arms above the elbow with a hatchet. They commanded him again to reveal the whereabouts of his hidden wealth, but he could not convince them that he had none, so they cut off his other arm and cut his body in a score of places. Then they split his head with the hatchet, seized his foot and cut his throat from ear to ear and rode off, leaving the bodies to be discovered by vultures and coyotes. The ranchers have captured two of the villains.

### Must Have Some Relief.

Wing—Do you know if Senator Sherman would consent to any compromise on the Sherman bill?  
King—Oh, yes. If he can't get it repealed, he'll fight hard to have its name changed.

## RAILROAD RUMBLINGS.

GUTHRIE HAS ASSURANCES OF SEVERAL GOOD LINES.

Three Companies Already Chartered and Actual Work Soon to Begin—The Kansas City, Oklahoma and Pacific.

The following special will be of interest to Guthrie people:

TOWNE, Kan., Oct. 25.—The secretary of state has issued a charter to the Kansas City, Oklahoma and Pacific railroad company. The charter states that this is to be a standard gauge railway, with telegraph and telephone lines. It will begin near Coffeyville, in Montgomery county, and run in a southwest direction to the south line of the state; thence through the Indian territory to the east line of Wheeler county, Texas, thence through Texas west to Albuquerque, N. M., a total distance of 935 miles. The capital stock is \$7,000,000, and the general offices will be located at Eldorado. The directors named are R. B. Field, M. Howell, W. T. Shaw and William E. McGinnis of Eldorado; John B. Giaz and William A. Roles of Emporia and H. T. McKinnay of Albuquerque.

This makes the third proposed road out of Coffeyville, through Oklahoma to Albuquerque, and inasmuch as there will be great rivalry it is certain that before the remaining Indian lands lying west of the civilized tribes in the Indian territory are opened to settlement two and perhaps three lines of railroad will be built through that rich country. Two companies have already been chartered under the laws of Oklahoma and one under the laws of Kansas, and if sufficient capital can be interested to further the projects there will be a jolly fight for the possession of the fine regions of land.

### The Terrill Case.

Regarding the Terrill habeas corpus case, the Oklahoma City Press Gazette says: At 3 o'clock this afternoon Judge Scott began the hearing on a motion for a writ of habeas corpus made by Judge C. R. Buckner, as attorney for the noted L. N. Terrill. The case was brought to this court because Chief Justice Dale had been an attorney in the case prior to his appointment to the bench, and hence was not qualified to decide the matter according to the ethics of the law. Terrill was convicted of the murder of old man Embury and sentenced to life imprisonment. He got a writ of habeas corpus before a Kansas judge and was released from the penitentiary and removed to the custody of the sheriff of Payne county for a new trial. He now seeks his discharge from custody. His attorney, Judge Buckner, has added much to his reputation by the determined fight he has made for his client's liberty. The county attorney of Payne county appeared for the territory.

### What the Osage Want.

A dispatch from Pawhuska says the Osage Indians, who recently refused to treat with the government officials for the sale of their lands to the government are circulating an agreement to take allotment if the government will allow them to sell the surplus land to settlers in their own way. They bought the land themselves and want to sell it as they please. The leading men say that the reason they refused to sell to the government was that the government owes them too much now.

### Social Event at Perry.

Perry Democrat: The tea party given by Mrs. Nevins was quite select and very much enjoyed by the few friends present. Perry is not far behind in social affairs, considering the rough and unsettled state of affairs. There were present May or elect John M. Brogan, J. E. Malone, Green B. Kaum, Volney Hogg, Mr. and Mrs. Seeley, Mrs. Burns, A. M. Hall, J. E. Jackson, R. T. Brook, Captain Rogers, Lieutenant Newman and Messrs. Atchinson, Hurz, Corrigan and Hanley.

### All Want the Postoffice.

A Woodward special says: There are a number of petitioners for the appointment of a postmaster at this point. The present out-of-the-way location has given rise to considerable dissatisfaction among a large majority of the patrons, who desire to see a turn taken in affairs. The present applicants—three in number—are all good men, and the citizens of Woodward look forward to the action of the officials at Washington with considerable interest.

### Right Back at 'Em.

The first ballot cast in the Third ward was polled by a Democratic Oklahoma Territory man and it was Republican straight—Guthrie Capital.

And we know whereof we speak when we say that the above Democratic voter was an employee of the Perry Daily Times and adjunct of the Guthrie Capital—Perry Sentinel.

### Surveyor for K. County.

Governor Benbow returned from Santa Fe yesterday morning and was soon heard over cars in work. He appointed W. L. Journey surveyor for K county and a batch of notaries public.

### Killed by Poisonous Gases.

David Forney, while engaged in digging a well near Cheyenne, was killed by poisonous gases, and his brother, while trying to rescue him was fatally injured.

### Judge Green as a Teacher.

Judge Green will conduct the spelling match at the M. E. church entertainment to-night. Dr. Barker and Mr. West are the captains.

### To Illuminate a Church.

Two fine oil reflectors are on the road from Pittsburg for the M. E. church on Broad street.

### A Great Success.

The Galveston-Dallas Weekly News stands pre-eminent as a journalistic success. It does nothing by halves. It believes that whatever is worth doing at all is worth doing well. It is ever on the alert for matter that will interest, instruct and benefit its readers.

Last spring the editor of The Weekly News organized a "Columbian club" for the youthful readers of the paper, the object of which was to awaken in the mind of the young an interest in the early history of America and to discover. The scheme has proven wonderfully successful, and hundreds of children have been led to investigate with renewed interest historical works bearing upon the subject and their well-written letters to The Weekly News bear unmistakable evidence of great benefit and mental improvement to themselves.

The Weekly News also contains an exceedingly interesting department for its lady readers. The articles on fashion, housekeeping and general miscellany are unsurpassed in interest to intelligent lady readers everywhere, and to farmers' wives in particular, who enjoy a good practical, homely paper.

To the farmers themselves The Weekly News devotes a great deal of space, giving many valuable and timely articles on practical agriculture in the south, a page of interesting "news notes," all the leading political and general news of the world, and well-written editorials on all the leading questions of the day.

No intelligent farmer in Texas can afford to be without The Weekly News. It costs but one dollar a year, or less than two cents a week. The Dallas or Galveston Weekly News and The Weekly Leader will be sent to your address one year for only \$1.50.
